Josh,
Let me forward this document to Patrick so he can advise us if this document has all the information needed to get pricing for the 3 items being asked. Will get back to you.

Thanks,

Danny,

Can we discuss what of this can or cannot be in the GC's scope?

Josh,

I have attached the version 6 draft of the LAN design for 999. It include the racks needed for the LAN room. We would like the GC to install the Racks, cable ladders (usually provided by GC), and patch panels. Please let me know if you have anyquestions.

Respectfully,
